

Specification

We have teamed up with LIDES to bring to you Fibre Optic & LED Swarovski® Crystals that are unmatched in the market.

These crystals compliment starfield ceilings like nothing else. They create unique patterns on the ceiling bringing a celestial masterpiece to your design.

Our crystal range offers an IP65 rating making it perfect for Spa application.

The preferred fibre sizes are: EG2.0, EG3.0, EG4.0 and EG8.0 depending on the desired effect and luminous output.
